Dear Harold,

As per our recent phone conversation last week I'm sending you all recent copies of the current situation with the King case and Ray's health. For your King records.

How are you feeling? I hope you are both well.

Have been reading the preface and intro to Never Again. Your writing is passionate and masterful in those passages of Never Again. Reading your writing eases some of my pain and frustration regarding the assassination. Your writing has been the only writing that has been able to ease my heartache somewhat. Have been busy lately with my job, raising 3 kids and trying to renovate my house. Have begun painting the outside of my house.

Can you tell me who Rae Barret is and how she came to help you establish your files? Reading the beginning of Never Again made me curious to know more about this obviously special person.

Take Care and Godspeed to you both.
Your friend,

Peter Wilt

P.S. Sent your letter to Lesar the same day we talked.
